Instructions: MitoPRO+ Floor Stand

Step 1: Unbox your stand and unpackage the provided hardware.

Step 2: Thread the provided casters into the base of the floor stand and hand tighten. (optional).

Step 3: Flip the stand onto its casters and install the 2 side braces and tighten using the provided screws with a Philips head screwdriver. (Ensure the holes line up as shown in the picture).

Instructions: MitoPRO+ Floor Stand - Single Panel

Step 1: You will need to remove the lower two rubber feet from the back of your unit using a small Philips head screwdriver before installation into the floor stand.

Step 2: Insert your light into the Floor stand and ensure it is seated properly.

Important note: ensure the panel is fully seated into the bottom of the stand by pushing downwards on the top of the panel.
