# MITO **PRO+** | MITO **PRO X** FLOOR STAND

[www.mitoredlight.com](http://www.mitoredlight.com)

# Instructions:

## MitoPRO+ / MitoPRO X Floor Stand

**Step 1:** Unbox your stand and unpackage. You will find:

- 1 stand
- 4 wheel castors
- 2 panel locking screws

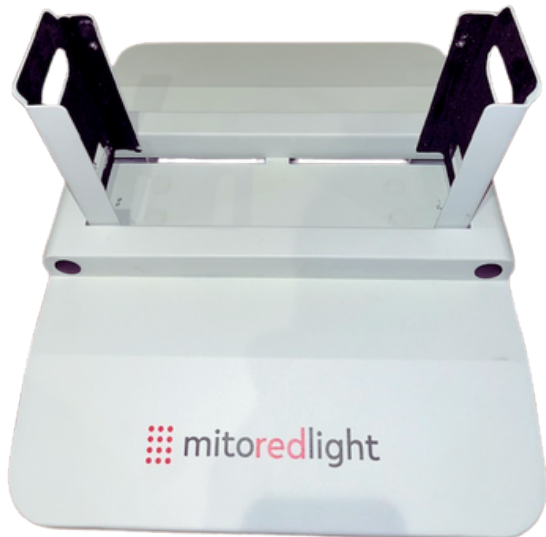

**Step 2:** Thread the provided castors into the base of the floor stand and hand tighten.

Wheels are optional, so skip this step if you prefer not to use them.

# Instructions:

## MitoPRO+ / MitoPRO X Floor Stand

**Step 3:** Flip the stand onto its casters and flip up the two side braces.

**Step 4:** Add the two panel locking screws.

# Instructions: Panel Placement

**Step 1:** You will need to remove the lower two rubber feet from the back of your unit using a small Philips head screwdriver before installation into the floor stand.

**Step 2:** Insert your light into the floor stand and ensure it is seated properly.

**Important note:** Ensure the panel is fully seated into the bottom of the stand by pushing downwards on the top of the panel.

# Instructions: Panel Placement

**Step 3:** Use the two panel locking screws to secure the panel into place.

**Step 4:** Add power cord to panel and refer to the panel user manual on how to operate your panel.

# Instructions: Wall mount

Your floor stand and panel can be secured to the wall for extra security. Your floor stand package will automatically come with the required equipment.

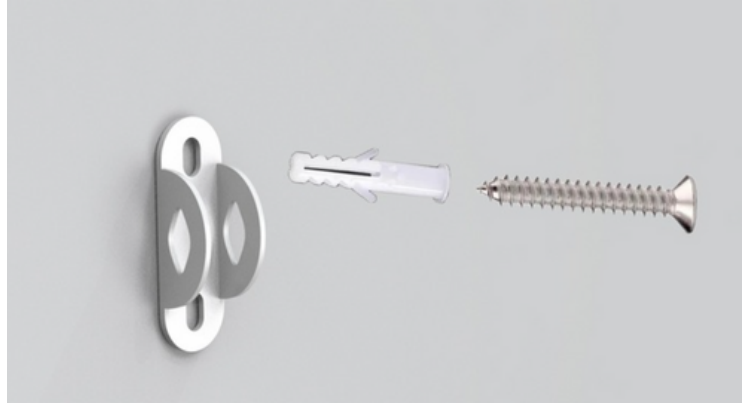

**Step 1:** Use the two panel locking screws to secure the panel into place.

# Instructions: Wall mount

**Step 2:** Use the two panel locking screws to secure the panel into place.

**Step 3:** Use the two panel locking screws to secure the panel into place.

**Step 4:** Use the two panel locking screws to secure the panel into place.
